OSTEOLOGY BARCELONA 2019

Call for Cases

At the International Osteology Symposium in Barcelona 2019, a new interactive format, The Osteology Case Competition, will be part of the programme. Every clinician has the chance to submit a clinical case in advance, and the best cases will be invited for presentation on stage and to compete for the Case Competition Award.

The Osteology Case Session and Competition will be held for the first time at Osteology Barcelona 2019. The best oral regenerative cases in six competition categories will be selected for presentation at the Osteology Case Session and the best case presentation will be awarded a prize. Clinical cases can be submitted online on THE BOX, which is the Foundation's Community Platform. Only cases from the field of oral tissue regeneration that were uploaded to the Case Box can be submitted for the Osteology Case Competitions.

Cases can be submitted in six competition categories

The following topics are defined as competition categories:

- Ridge Preservation
- Soft Tissue Augmentation / Regeneration around Teeth
- Soft Tissue Augmentation / Regeneration around Implants
- Vertical and Horizontal Bone Augmentation
- Periodontal Regeneration
- Sinus Augmentation

The winner in each category will be invited to present their case on stage at Osteology Barcelona 2019 in the Osteology Case session on Friday, 26 April 2019 and receive free registration to the congress including a special certificate.

ABOUT THE OSTEOLGY FOUNDATION

The Osteology Foundation's motto is 'Linking Science with Practice in Regeneration'. The foundation was established in 2003 and its core activities include funding research projects and organising national and international symposia across the world. In recent years, the Foundation has expanded its focus. Today, it also offers courses and textbooks specifically for researchers, as well as the online platform THE BOX, which connects practitioners and scientists in the field of oral tissue regeneration worldwide and provides them with tools and information.
